child safety

ikon | by noma

The new Ikon range from Noma will appeal to those with an eye for design as well as for safety and security.

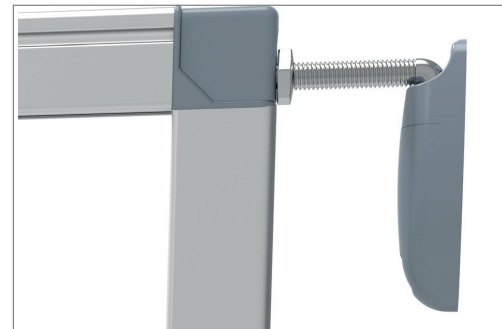

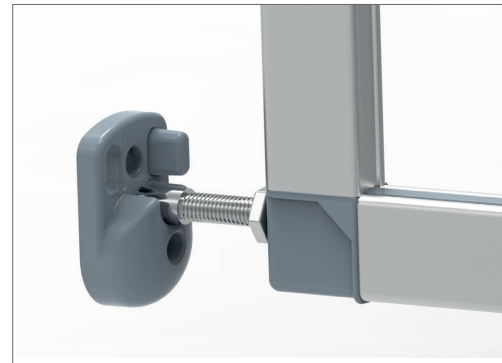

The ikon Extending Safety Gate range displays a combination of modern design, intuitive technology and unrivalled safety. Manufactured from a selection of the highest quality materials, the ikon range will complement all today's contemporary interiors.

Easy to install, the safety barrier simply slides and locks into a subtle low profile wall mounting, so that it can be quickly removed when not required. The optimal adjustment system allows continuous width adjustment across the gate, with our patented quick lock system making set up seamless. The four point wall harness allows for fine tuning for a perfect fit anywhere in the home.

The dual action opening and locking system with our signature soft shut closing system allows for safe, simple operation and peace of mind. Designed to fit openings from 62cm | 24" to 104cm | 41" without the need for extensions.

Features.

- Soft Shut Closing System
- Double Locking and Opening System
- Slides onto and locks into small low profile wall mount
- Quick Release Wall Hinge
- Optimal Adjustment System (OAS) with Quick Lock
- Upper and lower locking points
